

The organising committee is working in partnership with Queensland Health to ensure the

2021 Caravan Clubs State rally

is a

COVID SAFE EVENT.

To ensure this is possible there are several key issues, listed below, that **ALL** attendees must adhere to as a condition of entry to the rally.

- **You must comply with ALL Queensland health regulations that are current during the time of the rally.** You will be advised of any alterations to the current regulations prior to and during the rally.
- **You must sign into the grounds EVERY time you enter.** The easiest way to achieve this is via the Queensland QR App on your smart phone. There will be staff and the appropriate QR code at the entrance to help you achieve this. If you do not have that App, then it would be advisable to download it before arriving at the rally. If you do not have the App at your disposal a paper entry form must be completed every time you enter the grounds. Once again there will be staff there to assist you.
- **REMEMBER: NO SIGN IN = NO ENTRY with NO EXCEPTIONS.** Queensland Health and the Queensland Police Service can impose substantial penalties for those who do not comply with this and any other Covid regulations.
- **You must social distance wherever possible while moving around the grounds.** If you are unable to do so, then a mask should be worn. Make sure you always carry a mask with you.
- **You must sanitise your hands whenever you enter a building or around food areas.** The committee has gone to great lengths ensuring sanitising stations will be in all the appropriate positions. It is advisable to always carry a personal sanitiser.
- **You must comply with all directional signs when entering and exiting any building.**
- **You must wear a mask if you are uncomfortable with seating arrangement at venues.** In most instances once people are seated the "social distancing" regulation still need to be observed where possible.
- **You must NEVER move any seating from its designated position.** We will make every effort to ensure seating arrangements are more than adequate for the number of people at each inside venue. Seating at tables will be in accordance with Qld Health regulations and must not be increased or changed for any reason.

Here are some suggestions to get you into the rally faster and stay healthy.

1. Have your phone on hand and be prepared to check in all persons within your vehicle. There will be meet and greet people before the entry with the QR code in hand and ask you some basic questions. Use the code and answer the questions truthfully. If you do not have the phone App, then have your paper entry form completed **before** arriving. If you don't have these tasks completed before you reach the gate you will be parked to one side until you do. **Remember: Non-compliance means no entry!**
2. Prior to the rally ensure you look after your health, avoid hot spots. If you find you have been in a hot spot prior to the rally, get tested and remain isolated until you receive a negative result. You will NOT be admitted if you do not comply. Giving false information to our staff prior to entry may result in penalties being imposed by Qld Health.
3. Keep a supply of masks in your caravan in case Qld Health regulations change during the rally.
4. Should you feel unwell at the rally you must return immediately to your caravan and contact rally staff. A list of contacts will appear in the rally program.
5. While waiting for assistance, and if you are fit enough, start making a list of the close contacts you have been with and places/areas you have been over the previous several days. That type of information is vital should contact tracing be required.
6. There are no Covid test sites in Pittsworth so if you wish to get tested at any stage during the rally check out Qld Health web site for details of your closest testing site.

It is extremely important that you have read, understand, and adhere to all the requirements above. Queensland Health and the Queensland Police Service have the power to impose substantial penalties including imprisonment on any person who does not comply with any Covid rules or regulations.

Thank you

Greg Whitley

Chairperson of the 2021

Queensland Caravan Clubs or Queensland
State Rally organising Committee
